To  
The Editor

Down to Earth

New Delhi.

Madam,

Our Badha lake dried as there was no recharge  
from River Sutley.

We can not use the be'riques of Mahatma Gandhi,  
so produced a booklet so that at some time  
in future, a son of India knows, how our engineers  
geofed up at 1960 Indus Water Agreement.

With sincerest regards

Yours truly

B Singh
